

Hozayfah Seddek

Full-Stack Software Engineer

hozywork@gmail.com | (+966) 570-369-622 | Khobar, Saudi Arabia | GitHub: Hozayfah-Seddek | LinkedIn: Hozayfah Seddek

Profile

A Full-stack engineer and a Computer Science student at the Open University; My journey in software development began with curiosity and has evolved into a burning passion. With a solid foundation in both front-end and back-end frameworks and some knowledge in CI/CD and system design, I am eager to contribute innovative solutions to real-world challenges.

Employment History

Web Designer

Abdulrahman bin Al Qasim High School, Khobar (June 2023 – July 2024)

- Designed and developed a fully responsive school website using Wix, improving accessibility for students, teachers, and administrative staff.
- Streamlined the application process by providing an easy-to-use online platform.
- Ensured compatibility across desktops, laptops, and mobile devices for seamless access.
