Date of birth

08/07/2006

Profile

As a dedicated Computer Science student at the Arab Open University, I thrive on the intersection of logic and creativity. My journey in programming began with curiosity and has evolved into a burning passion. With a solid foundation in Java development and a flair for web development, I'm eager to contribute innovative solutions to real-world challenges.

Education

High school, Abdul Rahman bin Al Qasim, Khobar

August 2021 – June 2024

Graduated with high honours in both the "General path" and the "Engineering and Computer Science path".

Employment History

Web designer, Abdulrahman bin al Qasim high school, Khobar

June 2023 – July 2024

I have developed a comprehensive school website with the aim of streamlining and enhancing the application process for students, teachers, and administrative staff. The website has been designed to ensure efficient access from any location and at any time. It is fully optimized for desktop computers, laptops, and smartphones, thereby guaranteeing accessibility and convenience for all users, irrespective of the device being utilized.
